RE: Product Announcement: S/C/SC/H Series Alarms

Dear Customer:

Effective March 19, 2024, Gentex is pleased to announced the availability of our next generation of alarms. The S/C/SC/H Series alarms include a multi-criteria smoke alarm, carbon monoxide alarm, combination smoke and carbon monoxide alarm and heat alarm.

The new smoke and smoke/CO alarms are listed to ANSI/UL 217 9th edition and engineered to decrease cooking nuisance alarms while increasing sensitivity to fires involving modern home furnishings.

These new alarms will replace our current offering of the S1209 Series, CO1209 Series and GN-503 Series. We will continue to manufacture the legacy alarms through **June 30, 2023**, pending component availability.

Attached is a cross reference chart that contains the model numbers for the new alarms, along with the alarms they are replacing and features included in each model.

The S/C/SC/H Series alarms are available to order now! Please contact us via phone at 1-800-436-8391 or email at fporders@gentex.com for ordering and pricing information. You may also view product manuals and data sheets at fireprotection.gentex.com/products/.

Thank you for your continued support of Gentex products.

Best regards,

Dave Christian
Sales Director

S / C / SC / H Series

Smoke Alarm / Carbon Monoxide Alarm / Combination Smoke & Carbon Monoxide Alarm / Heat Alarm

The Gentex next-generation alarms include a multi-criteria smoke alarm, carbon monoxide alarm, combination smoke and carbon monoxide alarm, and heat alarm designed for residential and commercial/residential applications. The smoke and smoke / CO alarm are listed to ANSI/UL 217 9th edition and engineered with a dual purpose in mind: decreasing cooking nuisance alarms while increasing sensitivity to fires involving modern home furnishings.

Features Include:

- Multi-Criteria Photoelectric Smoke Sensor
- Electrochemical CO Sensor
- Heat Thermal Sensor
- Easy Access Front Battery Drawer
- Tandem Interconnection
- Push Button Test/Reset Feature
- Relay and Dual Relay Models Available
- Multi-Color LED's for Alarm Status
- 10-Year Life Sensors
- Assembled in the USA
